

Summer Enrichment Experience

A free science-based STEM-H Camp at VCOM-Virginia the weeks of June 26 and July 10, 2023.

The SEE Camp is designed to introduce science and healthcare professions to high school students who have a minimum GPA of 3.2 from Southwest Virginia high schools. There is no charge for housing, food, and activities. Check-in is at 6 pm on the evenings of June 25 and July 9.

Led by VCOM faculty and medical students in a state-of-the-art cadaver lab and simulation center, participants will take part in:

Clinical Experiences

Learn and practice suturing and surgical knot-typing with a surgeon.

Hands-on Simulations

Mimics real-life healthcare situations through interactive learning.

Biomedical Experiments

Participate in analyzing various “cultures” under a microscope in addition to learning the basics of epidemiology.

Healthcare Professional Speakers

Meet healthcare career professionals, including doctors, nurses, pharmacists, physical therapists, and research scientists.

Small Group Research Projects

Present to VCOM faculty and parents on Friday of each week.
